Other elements of the same unit were quartered in a barracks installation on the west side of the road to Drobovice, opposite a hospital. An undetermined number of 76-mm artillery pieces were seen at the latter installation. No further details on the occupation of the two barracks installations could be obtained. *						
	Fac	tory Militia in	n the CKD Sokolo	v Plant.	· · ·			
25X1C	2.	Prior to 1951, the factory militia in the CKD Sckolov plant in Prague-Liben had about 300 meh who were armed with pistols, model 98-N rifles, and about 10 Soviet submachine gans. They were blue work clothes, dark blue berets, and red brassards with the letters 2N on the left sleeve. They underwent regular training which was held in the plant area and, occasionally, in the nearby terrain. Themilitis personnel were assigned to guard duty in the plant. In addition, there were about 20 civilian gate guards who were armed with pistols.
