1. Zeiss-Jena has ordered an X-ray cinematographic installation from the Kindervater\* firm in Berlin. If the installation is satisfactory, 6 more will be ordered.
2. At present, Zeiss is not in a position to grind aspheric (sic) surfaces with the necessary precision. The special machines for this purpose were dismantled and new ones could not be obtained. It is claimed that this is particularly evident in glasses 8x30.
3. Diamonds are obtained from Holland via Prague.
4. Dr. Hugo Schrade was in Moscow for several weeks during May 1951.
5. Professor Robert Rompe has requested Zeiss repeatedly to construct a new series of light telephones (Lichttelefon).
6. Microscope "Lu" is being produced at a rate of 500 a month. The entire production is shipped to the USSR.
