SUPPLEMENT TO REPORT NO. 25X1X

According to a decision reached by the Government, 15,000 army officers are to be transferred to industry.* This applies mainly to the officers who served in the Western Army-in-Exile during the Second World War, and to those who graduated from the Military Academy in Hranice prior to February 1948.

* 25X1A [REDACTED] Comment: The number of officers to be transferred to industry is highly exaggerated in view of the total number of Czechoslovak officers. Probably Source meant 1,500 officers.
