L. Reportedly, a large area to be used as an airfield near the border region of Caesti had been cleared and leveled by Rumanian soldiers and entrance to the area had been forbidden.

- Between about 15 trains, each consisting of 40 cars, and transporting evacuees from the Yugoslav border area had passed through 25X1A 2. Between | Gesti. The doors of the cars were sealed and no one was permitted to communicate or approach the passengers. Most of the evacuees were later settled in the Talomita district.
  - 3. During Easter 1951, approximately 300 teachers residing in the Dambovita sector, including Mihail Ralea, former Minister had been arrested for "plotting against the Regime". Nothing has been heard of them since that time.
  - The Rumanian Government had imposed heavy obligations on the peasants. Besides being obligated to deliver this year's quota of wheat an order was issued compelling peasants to make good on any deficiency in meeting last year's quota.
  - Near the village of Petresti a small airfield was used for training Rumanian 25X1X small planes which appeared rather old. He could not describe the aircraft precisely.
