- 1. Recently, a new political military school was opened at Oradea Mare to indoctrinate Rumanian officers and noncommissioned officers with Communist ideology. The soldiers who graduate from this school are promoted and reassigned to various units at a good salary as political instructors.
- A new plan is being prepared for the nationalization of all property. Heretofore, only the homes of the rich were taken over by the State. Under this new plan, each person would be allowed to occupy only 64 square meters of space.
