SECRET/CONTROL/US OFFICIALS CALY SECURITY INFORMATION 2

	50X1-HUM

	On 30 May, between 70 and 80 old trucks, which had a new coat of paint were loaded on a train headed in the direction of
	Cottbus at the Weisswasser railroad station. * 50X1-HUM
3.	Camp Nochten was expanded toward the north. New low wooden barracks buildings were seen in forest sections 85 and 87. About 70 tanks were parked in forest section 31. New tank training areas were constructed in forest sections 98, 99, 100, 114, and 115. * The infantry firing range was bounded by forest sections 90, 91 and 92. Firing with live argumition was noticed. **
L.	On 27 May, truck was seen in the Meisswasser ration supply depot. Motor vehicles were seen in the streets of the town. *
. #	Comment. the majority
	of the 9th Necz Div was stationed at the Neisswasser troop training grounds until late Nay 1952. The AT guns which arrived on 29 and 30 May 1952 also
	belonged to the 9th Necz Div. With the exception of one vehicle of the GOFG and one from the area of the Fourth Gds Necz Army, there were no vehicles of other units.
ગના	Comment. Forest sections 85, 87, 98 through 100, 11h and 115 indicate a new training area east of Melkenburg which was reported for the first time. It is doubted that this new area should be part of Camp Mochten which is located 3 km farther to the south.
外沙湖	forment. This infantry firing range in the north section of the
