(4)

 Comments

- (1) The shipments dispatched via the Frankfurt/Oder and Scheune border crossing points are mostly deliveries from Soviet Zone hydrogenation plants to the U.S.S.R. Shipments via Stettin are transloaded there from rail to water.
- (2) Deliveries for Poland via the Forst border crossing point.
- (3) Crude oil deliveries from Zistersdorf in Austria for Soviet Zone hydrogenation plants which are shipped through Czechoslovakia and enter the Soviet Zone via Bad Schandau and Bad Brambach.
- (4) Slawencie is unknown and is probably confused with Slawiecice which is on the Heydebreck-Gleiwitz railroad line in the Polish-occupied territory of Germany. Kosze (Cosel) is west of Heydebreck. Tublice is unknown and may be Tuplice on the Forst-Sagan railroad line. Nowa Sol (Neusalz/Oder) is located on the Heppen-Glogau railroad line.
