1. Effective 1 January 1952 the import of industrial diamonds to East Germany ceased to be the responsibility of DeutscherInnen- und Aussenhandel (DIA) and was transferred to the Deutsche Warenvertriebsgesellschaft (DWV). The reason for this move was the fact that it was becoming increasingly difficult to buy industrial diamonds through legal channels. So, in order to channel all purchases through one buying agency, those firms dealing with DIA Feinmechanik-Optik were also transferred to the DWV.
 2. The last deliveries via DIA Feinmechanik-Optik in November and December 1951 were as follows:

25X1 a. Optik Carl Zeiss Jena VEB, November 1951
