A factory which produces mines and torpedoes is located in the forest between Krapkowice (Krappitz - P51/J25) and Strzelce (Strehlitz - P51/H29). The plant is entirely underground. The woods in which it is located is off limits to anyone who is not employed at the works; the forest is patrolled by the KBW (Corps of Internal Security). The plant was built by the Germans during the last war to produce the same types of weapons.
