MEMORANDUM FOR: Chief, Operations Group

SUBJECT: Byproduct of Remote Monitoring Test

1. Examination of the material monitored during the test of the Collins remote monitoring equipment highlights the fact that coverage of much of what [redacted] has responsibility for could be accomplished just as well in [redacted]

STATSPEC

4. The [redacted] transmitters heard spottily in [redacted] Bureau can be heard in the same unsatisfactory manner here.

STATSPEC

STATSPEC

5. We cannot hear [redacted] here with anything like the reception required for adequate reception. The same holds true for [redacted] As things stand now, however, [redacted] is not satisfactorily covered in the [redacted] either and Venezuela could always be covered in [redacted] with some slightly poorer reception than in [redacted].
