MEMORANDUM FOR THE RECORD

SUBJECT:  Mark Moran,  
Ex-African Aide to Ex-Senator John V. Tunney (D., Calif.)

25X1

1. On 9 March 1977, Mark Moran came to Headquarters for a debriefing by DDI/analysts on his November-December 1976 trip to Southern Africa (Namibia, Transkei, two weeks in South Africa) and Egypt (a week), and his January 1977 week with Senator Tunney in Angola. In South Africa he met a variety of the national government leaders and some opposition figures. In Angola, he had been most cordially received in January 1975. He and Senator Tunney went this time at the personal invitation of President Neto. They met the foreign minister, but then met almost no one else of prominence after he and Senator Tunney made it clear that they brought no message from President-elect Carter.
