of the staff of Senator Mike Gravel (D., Alaska), called on behalf

access to his files, despite FOIA requests. He now has read that	
a class action suit is being brought against CIA alleging invasion	
of privacy, and would like to join the suit. I told Cowles that the	,
story sounded bizarre, and he agreed. I noted that CIA has no	
border responsibilities or internal security functions. I recommende	ct .
that he contact the FBI and the Customs Service, and said I would	0.7.4.7
check our FOIA records to see ifhad made a request to	STAT
CIA. I also suggested that he check with the Justice Department	
on any suits pending against the CIA. He said he would do so.
