SUBJECT : NFIB (Board) Meeting Agenda for 20 October 1981

1. The NIC advises me that no pieces of national intelligence production will be ready for consideration on 20 October 1981.

2. This leaves a grab-bag agenda as follows:

a) SISR, Part I.

This item was postponed to permit Lt Gen Williams to participate personally.

b) Briefing on Intelligence Community Staff organization.

You may want to have [redacted] make a brief presentation and give the principals a brief handout. You may not want to do this at this time.

c) Estimates Schedule

This is a projection of future production which could be handled laterally.

3. There may be items which you and Mr. Casey want to raise.

4. Altogether, it doesn't add up to much, and you may wish to have the next Board meeting on 27 October 1981.

5. Do you prefer to have a meeting on 20 October or 27 October?
