OFFICE OF LEGISLATIVE COUNSEL

Monday - 19 August 1963

25X1 1. [redacted] Talked with Mrs. Mary Simon, in the office of Senator Wayne Morse. Referring to the Senator's letter of 2 August to the Atomic Energy Commission and AEC's reply, I advised Mrs. Simon that some of the matters raised in the Senator's letter were discussed at Mr. McGonn's recent briefing of the Senate Foreign Relations Committee and that others were being provided in a separate memorandum which is now in the process of preparation. Mrs. Simon said the Senator was out of town today but she would advise him upon his return that we were preparing a response to his inquiry. ✓

25X1 2. [redacted] Talked with Colonel Chandler regarding the briefing which was recently given to a small group of congressmen on [redacted] Chandler said that while there was a general reference to CIA as a participant in the [redacted] there were no specific identifications. He will provide us with a copy of the report on this briefing.

25X1 3. [redacted] In response to a call from Colonel Clyde Dillender, OSD, Department of Defense, and after checking with [redacted] OSI, advised Col. Dillender that [redacted] would be the Agency observer for the hearings on the test-ban treaty this afternoon. Hearings were scheduled for 2:00 p.m. in the JCAE hearing room in the Capitol. 25X1

25X1 4. [redacted] Mr. Harry Kemplar of IRS called regarding our disability provision and asked a few basic questions which were answered to his satisfaction. He said he would have his memo over to Treasury by Wednesday morning (21 August).

25X1 5. [redacted] Called Mr. Woodyear at State Department to ask if he would join us Wednesday for our hearings with House Armed Services, Subcommittee No. 1, on the Retirement Act. He "regretted" that he would be unable to attend this session, as he is scheduled for leave beginning today. I asked if there might be another person with comparable expertise in administering the retirement provisions of the FSA, and he advised that he would make some inquiries and call back.
