SUBJECT: [redacted] Plan

25X1

1. Yesterday evening at a social gathering I was asked to join in a discussion between Mr. Wisnor and General McClure. Wisnor asked several questions concerning the joint planning activity between ourselves and General McClure which had resulted in the writing of the [redacted] Plan. He asked if this planning had anything to do with our budgetary arrangements for the creation of [redacted]

I told them it was the same business.

2. Mr. Wisnor then asked me to arrange a briefing for him early next week. I would like to have a precis written of the essential elements of the plan outlining its major features. Following this there should be a brief comment as to its advocacy and inadequacy for the purpose for which it was written. Mr. Wisnor said that particular mention should be made of the covert appendices and the Plan Division's responsibility between CIA and the Armed Forces.

3. I would like to have this available by 1200 Wednesday, 26 December. In the meantime I will try to make arrangements for the briefing. I will probably have [redacted] accompany me at the meeting whenever it is held.
