

OPERATIONS ATTACHMENT FOR PARAGUAY BUREAU
MONTHLY REPORT -- APRIL 1981

1. The bureau received the first copies of the Peruvian papers EXPRESO and EL COMERCIO on 30 April with delays of 6 to 8 days. If delivery proves reliable, Paraguay Bureau will be able to assume sole coverage of Peru, relieving Panama of press coverage.
2. Delivery of the Uruguayan weekly OPINAR began with a 10-day lag, but almost immediately the periodical was suspended by the government for publishing unauthorized material. It expects to resume publishing at the end of May.
3. Most La Paz high frequency stations were returned to coverage during the month. Radio Illimani returned on its former frequency, while radio Panamericana changed to a new one. Despite the announcement that the government would permit individual stations to carry newscasts other than those of the government-run Radio Illimani network, by the end of April only the official newscast was being carried by any station audible at Paraguay Bureau.
