A) YUGOSLAV LAND FORCES

a) Troops:

[redacted] Battalion of Engineers / the defining number unknown/.

It is stationed in the locality indicated on the margin and occupies a group of barracks located about 2 km ... E from the town mentioned, on the eastern side of the road which goes from KRANJ to BRITOF.

50X1-HUM

Composition:

5 wooden barracks /formerly German/ of approx. dimensions of 30 x 10 m. In one of them is the Battalion HQ and ~~in each one of the other ones~~ one company of engineers is quartered in each one of the other ones.

Dependence: unknown.

CO: a captain /name unknown/.

Strength:

Officers: 4-5 subordinate.

Noncoms: unknown number.

Troops: about 800 men.

Remark: the troops are composed exclusively of the soldiers recalled in service for a 2-months period of training.

Military Post Office:

Vojna pošta [redacted]

KRANJ. U. S. OFFICIALS ONLY

SECRET CONTROL

50X1-HUM

SECRET CONTROL
U. S. OFFICIALS ONLY

50X1-HUM

2

Composition:

The Battalion is composed of 4 companies of about 200 men each. The companies are divided into 4 platoons.

Cadres:

Only one subordinate officer ~~is~~ /recalled/ is on duty with each company; he is also the CO of the company.

Noncoms: unknown number.

Armament:

Of the detachment: none.

Individual: Soviet-made semi-automatic rifle - model unknown, - with fixed and folding bayonet of triangular form.

Training:

The whole battalion carries out training and exercises; they are carried out unwillingly also by the officers themselves; the exercises:

- construction of bridges;
- digging of trenches;
- laying of mines/~~of~~ wooden / and of iron mines without bob;
- search for mines /with the German-made mine-detector/.

Such training is carried out daily from 7 AM till noon.

In the afternoon an officer gives political lectures based mainly on anti-Soviet propaganda.

An action of persuasion is carried on among Yugoslav troops about the Korean war to the effect that the aggressor is the North Korean Army commanded by Soviet officers.

3

The morale of the troops: _____

Very low; due also to the age of the soldiers who are thinking more about their families than about what they are taught during the two months of recall.

v) Various data :

50X1-HUM

INDUSTRIAL MILITIA

The surveillance of the hydroelectric installations in the locality indicated on the margin is carried out by a detachment of the above mentioned Militia.

50X1-HUM

Until the date mentioned on the margin the mentioned detachment was composed of:

- one CO : Sub-Lt. GERMEK;
- 22 men - guards.

Armament: rifle /model unknown/.

Tasks:

--- the external surveillance of the electric station and of the dams of DOBLAR _____ and of the dams of:

50X1-HUM

--- FODSELO /Sottosella/ and

--- AJBA _____

50X1-HUM

A 5-men squad is on duty in each one of the a/m localities.

Turns of the guard:

During the day: 1 guard from 6:00 AM to 2:00 PM,
and from 2:00 PM to 9:00 PM.

During the day: 2 guards from 9:00 PM to 6:00 AM.

Uniform:

Very similar to the one used by the Italian Army during the recent conflict.
