MEMORANDUM FOR: The Record

SUBJECT : Organization of Former Employees  
of CIA

1. This file was given to the Director of Security on 25 September 1972 as there appeared to be a renewed interest in such an organization.

2. The Acting Chief, Executive Staff, asked whether it would not be advisable to obtain the views of the various components in anticipation of a formal request. I advised him that the Executive Director-Comptroller may take a different approach to this matter which then would require additional coordination with our components. He agreed to this approach.
