MEMORANDUM FOR: Deputy Chief, Personnel Security Division

SUBJECT : COMPUTER NEEDS

1. The Clearance Branch desires that the present end of the month and 20th of the month computer runs be continued without change.

2. If additional hardware and personnel were available, the Clearance Branch would request that all cases processed by the Branch be recorded at a Control Desk within SR & CD and similar computer reports be prepared. This would provide us with an improved record system and afford better control of the cases resulting in savings in man-hours within the shop and increased efficiency.

random access searches via

We feel that the above, plus  
reformatting CIB, the badge office  
job, & possibly the PSD/ID statistical  
report will keep us busy for some  
time to come.
