NOTE FOR:

[Redacted]

Executive Secretary, SIG(I)

25X1

FROM : EA/DDCI

John approved the IPC package from Dick Kerr, and I assume you will be getting that to combine with [Redacted] material to distribute. As I think Sandy mentioned to you, you should schedule the session for the second week in January.

25X1

You might want to consider something like the following for your covering memo:

The SIG(I) Committee on Priorities will meet on _____, at _____, in room _____ for a quarterly review of National Intelligence Requirements (NITs) and Priorities (DCID 1/2). Appropriate background materials are attached.

The DDCI would also like to use this session as an opportunity for you to advise him how well your current intelligence needs are being satisfied and to identify any new concerns that you might have.

Give me a call if you have any questions.

Thank,
