MEMORANDUM FOR: The Honorable George P. Shultz
The Secretary of State

SUBJECT : International Financial Issues

Members of my staff have completed the attached study that addresses some international financial issues you recently asked us about. The report focuses on the countries that are running into serious financial trouble, the amount of debt rescheduling that might be involved, and some of the risks that the financial system faces. In order to keep closely posted on fast-moving changes, members of my staff will be publishing a biweekly situation report on international financial issues beginning next week.
