Dear Bill,

Thanks for seeing me yesterday.

I am responsible for preparing a detailed action plan for an alternative sea-bed mining regime to implement the President's decision not to sign the LOS treaty. Part of the action plan includes sending a Presidential emissary abroad to help dissuade our major allies from signing the LOS treaty and to persuade them to join us in an alternative sea-bed mining regime. The thought occurred to me that former Secretary of State William Rogers would be ideal for such a high-level mission.

Please give me a call at 632-1554 should you wish to have more information on this matter.

Sincerely,

Bob Keating/dmg

P.S. Thank you for recommending me for an ambassadorial appointment to a mineral-producing country.
