STAT

SUBJECT: Distribution of Intelligence Publications for PFIAB

[REDACTED]-per our telecon, 23 March.

STAT

Fred Demech had previously requested that PFIAB be included in distribution for the following publications:

- o National Intelligence Daily
- o International Economic and Energy Weekly
- o Selected DDI Intelligence Reports
- o Weekly Situation Report on International Terrorism
- o Economic and Energy Indicators
- o Chiefs of State and Cabinet Members of Foreign Governments
- o International Energy Statistical Review
- o International Issues Review
- o USSR Review
- o Analytical Methods Review
- o Selected National Intelligence Publications
- o Significant International Terrorist Incidents
- o Studies in Intelligence

Fred claims he is receiving the NID regularly, some publications on terrorism, but does not seem to be getting others.

He is located at Room 340, OE0B. Fred believes that if products are being delivered through NSC, there may be a problem there. As an alternative, he suggests that products might be delivered to Mr. Casey's OE0B office--right next door to PFIAB.

Please let me know what you find out.
