MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM: R. E. Hineman
Acting Deputy Director for Intelligence

SUBJECT: Tribal Influence on the Forces of Stability
and Instability

REFERENCE: DCI Memorandum, 25 March 1982, Same Subject

1. In response to your memorandum regarding the kind of research we have done on tribal influence on the forces for stability and instability, the following studies are attached:

- o The Jordan Arab Army: Security in Change, a two-page article from a larger contract study.
- o Chad: Origins and Impact of Factional Strife
- o Saudi Arabia: The Bedouins as a Political Force
- o The Baluch of Pakistan: Prospects for Renewed Revolt
- o Djibouti: Rough Road Ahead
- o South Africa: The Black Political Dynamic

2. These research efforts represent some of our most current work on tribal factors, but do not nearly encompass the totality of that available. There is, for example, a 100-plus page computer printout listing the studies which are at least partly devoted to this and related topics. If you would like to see the printout or more of the off-the-shelf product, I can certainly make them available to you at your convenience.
