MEMORANDUM FOR: Chairman, National Intelligence Council

FROM: Director of Central Intelligence

25X1

I like your paper on supporting East European resistance in the event of East-West war in Europe. I would be inclined to emphasize deterrent value more strongly and bring out the strong preparation for behind-the-lines activity in any portion of West European overrun. You will recall the suggestion on counter-preparation and capabilities discussed in our recent meeting with Andy Marshall's group. What do you have in mind doing with this paper next?
