MEMORANDUM FOR: The Honorable Gilbert A. Robinson
Acting Director, International Communications
Agency

SUBJECT: Project Truth

REFERENCE: Letter from Gilbert A. Robinson, 22 Feb. 1982

1. Thank you for your letter of 22 February. I share your belief that the European tour of the USG briefing teams, and its use of visual documentation of Cuban involvement in the military buildup in Central America was an important step in sensitizing world leaders to this problem.

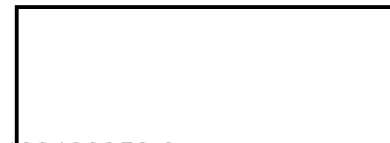

2. We are currently reviewing a large number of materials, particularly aerial photographs, to determine which can be made available for briefings. I believe this review will go a long way to meeting your needs. After a strategy is developed for the use of the current materials now being reviewed, we could reexamine whether your requests for specialized briefings for selected audiences will still be required.
