Honorable Benjamin S. Rosenthal
Chairman, Subcommittee on Commerce,
Consumer and Monetary Affairs
Committee on Government Operations
House of Representatives
Washington, D.C. 20515

Dear Ben:

A senior group of officials has completed a second review of the 17 documents you requested to be sanitized and declassified for your Subcommittee's public use. This review was conducted by Senior Intelligence Service members from the CIA's Directorates of Intelligence and Operations and senior representatives from the Departments of Treasury and State. I had the documents reviewed a second time to assure that there would be no withholding not required to meet our obligation to protect sources, methods, and US foreign policy interests. The results of that review are enclosed.

I hope the documents will be useful to your investigation. Please let me know if we can be of further assistance.

Sincerely,

William J. Casey
Director of Central Intelligence
