Honorable Benjamin S. Rosenthal  
Chairman  
Subcommittee on Commerce, Consumer,  
and Monetary Affairs  
Committee on Government Operations  
House of Representatives  
Washington, D.C. 20515

Dear Ben:

As we discussed on the telephone this morning, enclosed for your Subcommittee's public use are the sanitized and declassified versions of the seventeen documents you requested. Again, I regret the inconvenience to your Subcommittee caused by delays in the declassification review process.

I am sure we can continue the cooperative relationship between the Agency and the Subcommittee that we have enjoyed since 1979, when you began your investigation of OPEC investment. Please let me know if we can be of further assistance.

Sincerely,

  
William J. Casey
