Dear Mr. Chairman:

Thank you for your letter of April 10, 1979, in which you requested that I provide you a study dealing with foreign investment in the United States. The enclosed paper draws upon material prepared in June, 1978; but it is still accurate and, I believe, responsive to your request. As you will note, the enclosure is classified Secret/NoFORN and I will appreciate your affording it appropriate protection.

I hope that you will find this information useful to the efforts in which your subcommittee is currently engaged.

Yours sincerely,
