The Hunger Project

The end of hunger and starvation on our planet by 1997. An idea whose time has come.

September 1981

CANCUN: A SUMMIT OF WORLD LEADERS

Heads of State from 22 countries, including some of the richest and poorest in the world, will assemble in Cancun, Mexico, on October 22 and 23 at a Summit Meeting focusing on food, energy, economic growth, and trade -- issues central to ending hunger on our planet.

Never before have so many Heads of State met face-to-face for the purpose of substantive discussions. This meeting has extraordinary potential to further the global fight to eradicate the hunger and poverty that so dramatically separate the developed, industrialized countries known as the "North" and the developing countries known as the "South."

With the latest issue of our newspaper A Shift in the Wind, The Hunger Project is launching a nationwide campaign to inform the public about the Summit and to generate grass-roots support for this important meeting.

Because of your leadership in your community and your ability to influence public opinion, The Hunger Project especially wants you to have the enclosed advance copy of A Shift in the Wind 11. Page 3 of the newspaper contains a complete briefing on the Cancun Summit and its origins. Pages 4 and 5 include background information and statements by world leaders on the need for these discussions, as well as suggestions on how individuals can support the meeting.

If in the future you would like to receive additional information on hunger in the world and on our work, please complete the enclosed card and return it to The Hunger Project.

Sincerely,

Joan Holmes
