COMPTROLLER CHECKLIST

- FY 1983 Appropriation. The House Appropriations Committee completed markup of the FY 1983 Defense Appropriations Bill. The Bill was amended in Full Committee to provide funds to cover the Agency's FY 1983 pay costs resulting from the October 1982 federal pay raise which were inadvertently omitted during Subcommittee deliberations. Current plans call for floor action by the House on 7 December, followed by action in the Senate on their Bill 8 December. Conference is now planned for the week of 13 December.
- FY 1984 Budget. Directorate FY 1984 Congressional Budget submissions are due on 8 December. We are still planning to complete the Agency's Congressional Budget submission by early January.
- Space Requirements. The House Appropriations Committee after further consideration approved our request to reprogram funds to lease the We are still awaiting approval from the Senate Appropriations Committee and the House Intelligence Committee. The latter has asked for a briefing which will be provided next Tuesday, 7 December.
