NIC #9624-82

THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

26 November 1982

National Intelligence Council

MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence
FROM : Chairman, National Intelligence Council
SUBJECT : NIC Activity Report for 22-26 November 1982

I. DCI/DDCI-Assigned Tasks

NIO/Latin America in coordination with DI/ALA provided background material for the DCI's use at an NSC meeting on the President's trip to Latin America.

NIO/USSR-EE represented the Agency at a SIG meeting on Yugoslavia at which it was decided to separate the question of a financial bailout and that of US basic policy toward Yugoslavia into two NSSDs. (This was Treasury's idea, because they want to keep all financial bailouts in the IG-IEP forum.) DoD and State (Eagleburger) are at odds over weapons sales to Yugoslavia: DoD is taking the position that it must be assumed that all weapons to Yugoslavia will reach the USSR. The issue is to be resolved at the NSC.

NIO/General Purpose Forces met with [redacted] on 26 November to review DCI follow-up taskings from the DCI's trip [redacted]. Additional meetings are planned with the directors of NSA and DIA and the service intelligence chiefs.

II. Interagency Papers

The draft Memo to Holders of the [redacted] NIE will be forwarded to the DCI on Monday for authorization to distribute it to NFIB Principals for consideration at the 7 December meeting. The revised draft NIE on political instability may also be ready for consideration at the same meeting.

III. Of Special Interest This Week

Chairman, NIC attended a New Alternatives Workshop in San Francisco on the potential for and implications of modern precision weaponry. His main conclusion: we are developing increasingly effective weapons, not buying them, and the Russians will probably steal the technology and buy them before we do.
