

ORE comment on COAPS draft supplement to CIA Administrative Instruction 50-1

1. ORE is in ~~the~~ accord with the ~~existing~~ procedure for exchange of intelligence with the <sup>25X1C</sup> ~~existing~~ as outlined in reference memorandum paragraph 2, but ventures to suggest that the method does not go far enough.
2. ORE recommends that Paragraph 2 ("Intelligence produced by ORE and OSI") be amended as follows:

- (e) <sup>25X1C</sup> ~~document~~ check document from point of view of field representation and return to OCD
- (f) OCD forward to COAPS for final determination as to whether distribution is to be made under blanket or special authority
- (g) COAPS forward to I&S to determine if appearance of document outside continental limits of US has violated any MIC policies
- (h) I&S return to ORE/OSI to determine whether changes in situation described has resulted in unfitting the material for exchange
- (i) ORE/OSI pass to OCD for transmission to US Embassy Moscow to check world picture in view of Soviet intentions
- (j) Document desposited temporarily in National Archives pending celebrat
