4 APR 1969

MEMORANDUM FOR: Executive Director-Comptroller
Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Support
Deputy Director for Science and Technology

SUBJECT : Nominations of Candidates to be Recommended
for:

- (1) Arthur S. Flemming Awards
- (2) William A. Jump Memorial Awards
- (3) National Civil Service League Career Service Award
- (4) Federal Woman's Award
- (5) Federal Government Accountants Awards
- (6) National Capital Award
- (7) Paperwork Management Award
- (8) Horace Hart Award *(not)*

1. This memorandum invites you to nominate candidates for the Public Service Awards listed above. A pamphlet, describing the purpose and criteria for each award with a list of the latest winners, is attached to assist you in your selection.

2. Asking you to make all your selections at one time has proven to be more effective and time saving than asking you to consider each award when the invitation is received. This system provides sufficient time for careful consideration of candidates and to work up the basic nominating documents before the Agency receives the formal invitation for nominations.

3. It is requested that employees under your jurisdiction be screened for potential candidates. You may submit more than one name for an award. Please send me your list of nominations on or before 15 May 1969. This Office will then compile a list of all nominees submitted and forward it to the Director for final decision.

4. Last year the Agency did not submit nominations for the following awards: William A. Jump Memorial Award, Federal Government Accountants Awards, National Capital Award, or the Paperwork Management Award. We would not ask the Director to endorse a candidate who is not fully qualified and deserving of these awards. I urge you, however, to consider carefully and screen employees in your area so that no qualified nominee is overlooked. A review of Honor and Merit Award recipients under your jurisdiction may well be a useful source of nominees for the Public Service Awards listed above.

5. We will be happy to give you any further information or assistance you may require to identify eligible nominees.

Robert S. Wattles
Director of Personnel

SPECIAL SUPPLEMENT TO NOTES

Because supplies of the attachments are limited, they are being sent to headquarters offices only. You may wish to circulate them to your bureau level awards administrators for their information.

1. We have received a number of calls inquiring about the time schedules for external awards. We have been informed that the time schedules are approximately as follows:

Federal Woman	Announce:	3rd week in September
	Deadline:	End of November
	Ceremony:	March
Flemming	Announce:	Late September
	Deadline:	Late November
	Ceremony:	February 19
NCSL	Announce:	Mid or late September
	Deadline:	Early December
	Ceremony:	Early April

2. The attached memorandum from the President to the Director, Bureau of the Budget may be of interest as background information because it mentions specifically that Federal Executive Boards can promote emphasis on employee recognition. It is encouraging to see this reference to the importance of employee recognition since the membership of Federal Executive Boards is drawn from commanding officers and managers of field establishments.
3. DSA held an impressive awards presentation on its "Second Annual Awards Day" on July 9, 1969. In addition to medals, desk trophies consisting of a bronze medallion embedded in clear plastic were presented to the "Ten Outstanding DSA Personnel of 1969." Citations were presented to three outstanding suggesters, and to the significant cost contributor and the significant zero defects contributor of the year.

The address by Assistant Secretary of Defense, Roger T. Kelley, was concluded with the following: "This program exemplifies the kind of human management that should be found everywhere."

4. The program leaflet for the 5th Annual Honor Awards Program of the Maritime Administration, Department of Commerce, contains the proclamation of President Nixon for National Maritime Day, and an enthusiastic message from Maritime Administrator, Andrew E. Gibson.
5. Attached is another example in Department of Agriculture's eye-catching "Cost Reducer of the Month" posters.

THE WHITE HOUSE
WASHINGTON

August 13, 1969

MEMORANDUM FOR

HONORABLE ROBERT P. MAYO
DIRECTOR, BUREAU OF THE BUDGET

I concur in the recommendations of the report on Federal Executive Boards submitted by you and the Chairman of the Civil Service Commission.

Act immediately to carry out those recommendations. Federal Executive Boards can be an effective means of implementing a wide range of Administration policy. They should give renewed emphasis to promoting cooperative action by Federal agencies in three primary areas:

- First, Government-wide policies requiring the full cooperation of all agencies can be carried out more effectively through Federal Executive Board leadership. Examples include equal employment opportunities and summer youth programs.
- Second, the Federal Executive Boards can serve the community in Community Chest Campaigns, blood donor drives, and other continuing and emergency community needs.
- Finally, the Federal Executive Boards can help improve efficiency of operations, service to the public, sharing of space and equipment, and employee recognition.

The fifteen existing Federal Executive Boards have proven their worth; it is time to establish new Boards in the 10 cities named in your report.

Please convey to the Heads of Departments and Agencies and to Federal Executive Boards my support for this means of creating a more effective Federal Government, and of developing a new sense of partnership between the Federal Government and States and communities.
