The figures below represent times that 25 intel reports selected at random from those filed in the field on 3 and 4 May, were not TD'd by IW, but were subsequently TD'd by the Divisions. The time received in the Cable Secretariat represents the time the TD was received back from the Division for reproduction and delivery; delivery to the outside Agencies would be 1-4 hours later. The average elapsed time, not including reproduction and delivery, for this sample was 30 hours 4 min.

<u>IN #</u>	<u>Time Filed in Field</u>	<u>Time Rec'd in Cable Sec from Div. for reproduction & delivery</u>	<u>Elapsed Time</u>
