

27 July 1966

NOTE FOR: Mr. [redacted]
Bob:

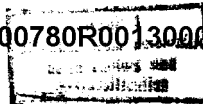

[redacted] and I have reviewed the attached proposed revision to HR [redacted] and do not believe the changes as proposed are warranted. The current regulation provides a flexibility which the proposed revision would substantially restrict. We have not become aware of any degree of abuse or inequities which would require a change having general application. There might be isolated or infrequent instances where inequities occur, but these could be corrected by administrative control exercised at the authorizing or approving levels.
