MEMORANDUM FOR THE RECORD

SUBJECT: Bureau of the Budget Review of Agency Supergrades

1. I called John Clarke to advise him of the note Colonel White sent to me asking if I was sure I had done all that can be done at this time as it isn't very encouraging--reflecting on the Memorandum of Conversation which advised that Martin Convisser has indicated that our supergrade ceiling will be increased only ten persons (to) and will include the SPS positions.

2. I mentioned to John Clarke that we need to deal with this subject on a higher level and in a more forceful way as we simply cannot live with SPS positions being included in our supergrade ceiling level. It was agreed that Mr. Clarke would endeavor to set up a meeting next week with Jim Clark (BOB), Colonel White, and RLB, if Colonel White approves of this approach.
