MEMORANDUM FOR: Director of Training

John:

Mr. Bannerman noted [redacted] comment on expenses in his report of attendance at the PMD course. Apparently for financial reasons his wife did not attend the Wives' Week. Mr. Bannerman assumed that actual and necessary expenses in lieu of per diem as provided in the Standardized Government Travel Regulations would be payable to those who requested it during the period of Wives' Week. He suggested that the check sheet for briefing and so forth of those attending the Harvard course include the matter of per diem versus actual and necessary subsistence expenses during Wives' Week.
