MEMORANDUM FOR: Acting Chairman, Fine Arts Commission

SUBJECT : Terminating the Missile Crisis Exhibit

1. Today I again raised at the Director's Morning Meeting the question of a termination date for the Cuban Missile exhibit. The Director confirmed his desire to retain the exhibit until mid-February. We will plan, therefore, that the dismantling be targeted against the date of 15 February.

2. This decision should facilitate planning for follow-on events.

/s/ John W. Coffey

19 December 1972

MEMORANDUM FOR: Deputy Director for Support
SUBJECT : Terminating the Missile Crisis Exhibit
REFERENCE : DD/S 72-4589

STAT 1. I had tentatively established 20 January as the termination date for the Missile Crisis exhibit, based on [redacted] statement that the DCI is interested in having it hung only until then, and based also on the fact that all scheduled special interests will have been satisfied by that date. The latter includes all family days, a visit from the Foreign Service Senior Seminar on 15 January, and the photographic record of the exhibit that OTR plans to make. However I took the precaution of checking whether the Executive Director has any special interest in continuing beyond the 20 January date, and he replied with a note saying, "Hold at least through January, per DCI." Meanwhile I also had received your memorandum.

2. I would be grateful if you will get the DCI's views in the latter part of January, as you offered, and let me know them. Meanwhile we have extended the exhibition indefinitely.

STAT 3. I am keeping NPIC informed, and also [redacted] in his Intelligence Museum Commission capacity. STAT

13 DEC 1972

MEMORANDUM FOR: Director of Logistics
Chairman, Fine Arts Commission
Chairman, Intelligence Museum Commission

SUBJECT : Cuban Missile Crisis Exhibit

1. At the Morning Meeting on 13 December the Director expressed the desire that the Cuban Missile Crisis exhibit continue in the 1D corridor at headquarters at least until February 1973. He verified that others at the meeting agreed with this and received positive confirmation of the value of the exhibit in a wide range of liaison relationships. The Legislative Counsel has been particularly interested in showing the exhibit to the broad list of Members of Congress.

2. We will need to consult on when this exhibit is to be closed and I would propose to recheck the ultimate date with the Director at a Morning Meeting the latter part of January.

3. I would be interested to know if this extended time period requires adjustment of any other plans for the 1D corridor.
