Dear Dick:

GM 59-2

Attached is a study on Laos with maps, which reached my desk shortly after our good talk of the other day. I felt this might be of some interest to you.

25X1C

I of course appreciate the sensitive character of what you told me on this particular matter.

When you are here in Washington in connection with the Antarctic meetings, I hope to have the pleasure of seeing you again.

Faithfully yours,

Allen W. Dulles
