completed\*  
Declassification/Relea  
se Instructions on File**

The Army is scheduled to install a CAMS terminal by 13 August 1976. During the process of coordinating this action with the various offices involved, informal agreements were made. The purpose of this letter is to formalize these agreements. Inclosed are two diagrams showing the responsibilities and dates involved with the CAMS installation. After verification of the information, please sign and return the second copy to:
