DD/A/ODP Weekly Report
Week of 10-17 June 1977

STATINTL

I. Major Activities During the Past Week:

A. Support to OC

CIMS - Communication Inventory Management System. The customer has approved the project proposal for the CIMS. This system will provide inventory control for the OC property repair and return program. CIMS will be supported by the GIM-II software. [REDACTED]

B. Support to OP

PERSIGN - Integrated Personnel Information System. Meetings have begun with the Office of Personnel analyst to discuss the requirements for the Hospitalization and Insurance segments. Initial progress had been satisfactory. This is in preparation for the writing of a feasibility study addressing the mini-computer versus main frame alternatives. [REDACTED]

STATINTL

C. Support to OF

GAS - General Accounting System. Testing of IV Phase Version-3 system software was partially completed. The only problem remaining is in the area of processing Schedule D accounting. Currently Version-3 is being used at Headquarters and Version-2 at Key Bldg.. [REDACTED]

STATINTL

D. Training During the Past Week:

1. A two-day course, GIM-II User Language, was completed by 17 students.
2. A three-day course, Basic JCL, was completed by 19 students. [REDACTED]

STATINTL

II. Problems:

Office of Security - SACS - Security Access Control System - Badge access device problem. We were informed

STATINTL

STATINTL

of a possible malfunction in the SACS mini-computer software/hardware which resulted in six missing badge records (out of 750 people who entered through the system). The [REDACTED] technician is working on the problem. We have provided the customer with the latest CENBAD data to update the SACS data base. [REDACTED]

Nothing to report on FOIA.
