Here's the material responsive to the
"Murphy Annex".

Rather than duplicate a separate
package for your counterparts in
"the other body", I propose to tell
Susan and Dwight that you have this
exhibit package and they can check with
you. Of course, if they want their
own copy, will do.

Mr. James Van Wagenen
Committee on Appropriations
House of Representatives
Washington, D.C. 20515

Dear Jim:

Per your request to [redacted] the attached exhibits provide contractor names for the external analysis contracts contained in Volume III (GDIP) and Volume XII (ICS). Due to the large number of contracts in the GDIP book, the contractors names have been entered directly on a copy of the appropriate pages. With the exception of the annual June 15 submission of the actual appropriation amount for each program, I believe this completes submission of requested data. The June 15 NFIP appropriation data will be submitted next month.

Sincerely,

signed
