MEMORANDUM FOR: Leslie C. Dirks
Deputy Director for Science and Technology

FROM: [redacted] 25X1
Director, Office of Imagery Collection & Exploitation

SUBJECT: Assignment of Cable Address for COMIREX (OICE/ICS) [redacted] 25X1

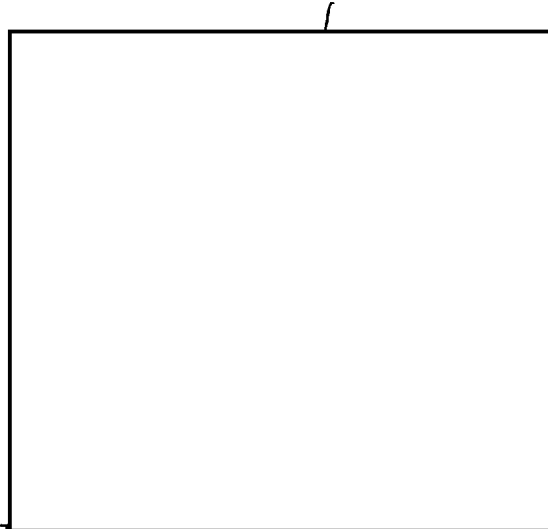

Les,

1. I am requesting that the COMIREX Staff (Office of Imagery Collection and Exploitation, OICE/ICS) be assigned its own specific cable address within the [redacted] communications net. At present our incoming and outgoing traffic on this net moves under the general [redacted] address. Although the OD&E Special Designee Cable Center gives us excellent support in receiving and forwarding our messages, we believe that our future requirements make it essential that we have our individual cable designation. [redacted] 25X1

2. As detailed Community planning activities for the oncoming advanced system accelerate, we anticipate considerably increased message traffic in the future among COMIREX/OICE elements, NRO components -- [redacted] -- and user-Community organizations. We believe that by having a unique COMIREX cable address our flow of traffic will be better focused and expedited and it will allow us to maintain more effective management control over our expanding message correspondence. [redacted] 25X1

3. We have coordinated this proposal with the NRO through their COMIREX representative. He informs us that the NRO staff concurs in our request. [redacted] 25X1
