Waiver.

“(d) For purposes of effectuating a waiver of recourse which is required under this section, the Secretary may designate the Director or any other officer of the Department of State as the agent of a foreign mission (or of any assignee of or person deriving rights from a foreign mission). ing the notes (and any accrued interest thereon) which were assumed in the operation of the informational media guaranty program under this section and which were outstanding on the date of enactment of this paragraph.”.

INTERNATIONAL EXCHANGES AND NATIONAL SECURITY

Sec. 305. (a) The Congress finds that—

(1) United States Government sponsorship of international exchange-of-persons activities has, during the postwar era, contributed significantly to United States national security interests;

(2) during the 1970's, while United States programs declined dramatically, Soviet exchange-of-persons activities increased steadily in pace with the Soviet military buildup;

(3) as a consequence of these two trends, Soviet exchange-of-persons programs now far exceed those sponsored by the United States Government and thereby provide the Soviet Union an important means of extending its worldwide influence;

(4) the importance of competing effectively in this area is reflected in the efforts of major United States allies, whose programs also represent far greater emphasis on exchange-of-persons activities than is demonstrated by the current United States effort; and

(5) with the availability of increased resources, the United States exchange-of-persons program could be greatly strengthened, both qualitatively and quantitatively.

(b) It is therefore the sense of the Congress that—

(1) United States exchange-of-persons activities should be strengthened;

(2) the allocation of resources necessary to accomplish this improvement would constitute a highly cost-effective means of enhancing the United States national security; and

(3) because of the integral and continuing national security role of exchange-of-persons programs, such activities should be accorded a dependable source of long-term funding.

22 USC 2455  
note.

(c) The amount obligated by the United States Information Agency each fiscal year for grants for exchange-of-persons activities shall be increased, through regular annual increases, so that by the fiscal year 1986 the amount obligated for such grants is at least double (in terms of constant dollars) the amount obligated for such grants for the fiscal year 1982.

22 USC 2455  
note.

(d)(1) In furtherance of the purposes of subsection (c), the Congress directs that of the amount appropriated for the United States Information Agency for the fiscal year 1983—

(A) \$84,256,000 shall be available only for grants for the Fulbright Academic Exchange Programs and the International Visitor Program; and

(B) \$3,248,000 shall be available only for grants for the Humphrey Fellowship Program; and

(C) \$8,906,000 shall be available only for grants to private, not-for-profit organizations engaging in exchange-of-persons programs;

subject to paragraphs (2) and (3) of this subsection.

(2) If the amount appropriated for the United States Information Agency for the fiscal year 1983 is less than the amount authorized for the fiscal year 1983, then the amounts specified in subpara-

graphs (A) through (C) of paragraph (1) shall each be deemed to be reduced to the amount which bears the same ratio to the specified amount as the amount appropriated bears to the amount authorized. For purposes of this paragraph—

(A) the term "amount appropriated" means the amount appropriated under section 302 of this Act (less any rescissions), and does not include amounts appropriated under section 704 of the United States Information and Educational Exchange Act of 1948 (relating to nondiscretionary personnel costs and currency fluctuations) or under any other provision of law; and

"Amount appropriated." *Ante*, p. 291.

22 USC 1477b.

(B) the term "amount authorized" means the amount authorized to be appropriated by section 302 of this Act, less an amount equal to any amount which was withheld from appropriation (or was rescinded) in order to reduce the amount available for a particular program or activity.

(3) The Director of the United States Information Agency may authorize up to 5 percent of the amount earmarked under subparagraph (A), (B), or (C) of paragraph (1) to be used for a purpose other than the exchange-of-persons activities specified in that subparagraph. Not less than 15 days prior to any such authorization, the Director shall submit to the Committee on Foreign Affairs of the House of Representatives, and to the Committee on Foreign Relations of the Senate, a justification for authorizing the use of earmarked funds for a purpose other than the specified exchange-of-persons activities.

DISTRIBUTION WITHIN THE UNITED STATES OF CERTAIN UNITED STATES INFORMATION AGENCY FILMS

SEC. 306. (a) Notwithstanding the second sentence of section 501 of the United States Information and Educational Exchange Act of 1948 (22 U.S.C. 1461)—

(1) the Director of the United States Information Agency shall make available to the Administrator of General Services a master copy of each of the films listed in subsection (b) of this section; and

Master copies, availability to GSA.

(2) the Administrator shall reimburse the Director for any expenses of the Agency in making that master copy available, shall secure any licenses or other rights required for distribution of that film within the United States, shall deposit that film in the National Archives of the United States, and shall make copies of that film available for purchase and public viewing within the United States.

Reimbursement; film deposit in National Archives.

Any reimbursement to the Director pursuant to this section shall be credited to the applicable appropriation of the United States Information Agency.

(b) The films to be made available pursuant to this section are the following: "Reflections: Samuel Eliott Morison"; "And Now Miguel"; and "In their Own Words".
