

OLC 78-3106/2

1 November 1978

MEMORANDUM FOR: James H. McDonald
Director of Logistics

STAT FROM :
Chief, Legislation Staff/OLC

SUBJECT : H.R. 14106

On 20 October 1978, you sent a memorandum to OLC providing views on H.R. 14106. This legislation was not enacted into law this Congress and we, therefore, need take no further action at this time. Since it is probable that identical or similar legislation will be introduced during the next Congress, we will keep your paper for use at that time and will contact you. Thank you for the benefit of your views.

STAT

OLC #78-3106

20 OCT 1978

MEMORANDUM FOR: Office of Legislative Counsel
FROM: James H. McDonald
Director of Logistics
SUBJECT: H.R. 14106

1. This office has reviewed the proposed bill H.R. 14106. The implications of this bill may be reflected in the Agency's budgeting processes, and our comments may be of interest to you.

2. The bill provides that Congress will appropriate funds and that the General Services Administration (GSA) will make payments to the local jurisdictions. At the present time, agencies are required to budget for and transfer to GSA funds for the anticipated maintenance and upkeep of buildings owned or managed by GSA. The Agency, of course, has such properties. If GSA were to include these local property assessments into the Standard Level User Charge (SLUC), this will have an impact on the Agency budget.

3. We assume that the Agency could become involved in providing information to local jurisdictions for the purpose of making their assessments. It would be of concern to us to insure that the identity of Agency facilities under cover be protected and that sensitive information which might be solicited by these jurisdictions not be released unless it can be properly sanitized.

4. Please contact us if we can be of further assistance.
