MEMORANDUM FOR: ALL PENTAGON CAR POOL APPLICANTS

SUBJECT: Car Pool Permit Processing Procedures

The following procedures are to be followed when filling out the Application for Pentagon Car Pool Parking Permit and Validation Certificate, DD Form 1199 (Rev Mar 79):

The principal member (first person listed on the application of the car pool is responsible for assuring that all application information is accurate and properly entered in the appropriate data field on the DD Form 1199 (Rev Mar 79). The numbers on the application form are the range of spaces allocated by the Data Processing Center for parking information. A sample application is included as Inclosure No. 1. The computerized system permits identification of any individual(s) listed as a member(s) of more than one car pool; should instances of this nature occur, car pool permits will not be issued until the matter(s) are reconciled.

Upon submission, car pool applications will be checked for correctness and completeness by the Central Parking receiving clerk. Improperly executed applications will be returned for correction. Accepted applications will be date/time stamped and processed for the issuance of a car pool parking permit.

Properly executed car pool applications are to be submitted to the Central Parking Control Office located in Room 2E165, south end of the Concourse, between the hours of 0830 and 1600, Monday through Friday. Any member listed on the car pool may submit the application, but only the principal member may receive and sign for the permit.

All information concerning car pool members must be kept current as changes occur. This should be accomplished by submitting a new DD Form 1199 (Rev Mar 79). To assist in the prompt processing of all car pool actions, the principal member should readily have access to his/her permit number; therefore, it is advised that upon receipt of his/her permit a record of the permit number be made for future reference.

2 Incl.

1. Sample Application

2. Code Designation List

PAUL K. HASELBUSH

Paul K. Hasseburk

DOD Building Administrator
