3. For Approval.

In the process of relocating elements of OF, OC, ODP, and other activities such as consolidation of the OC and OL Registry functions in it has been necessary to perform a number of building modifications. It is now necessary to expand the Data Access Center to accommodate the new Wang CPU and Disc Drive Units. Wherever possible, Associates, Management Company, has been tasked to accomplish the facility modifications under Contract . This modification puts the aggregate of such work at a level that DDA approval is requested in the space provided below. *//*
