MEMORANDUM FOR: Director of Logistics
VIA: Deputy Director for Administration
FROM: [redacted] Director of Security
SUBJECT: Polygraph School - Acquisition of Additional Space

1. The Office of Security Polygraph School currently occupies 850 (net) square feet of space in a commercial office building located at [redacted] Arlington, Virginia. The configuration of the current space is as follows: one classroom, one small practice interview room, two small faculty offices, a storage room and a reception area. We have found that this space is ideally suited for no more than four students.

2. We are now anticipating a requirement to accommodate eight students in the near future. According to [redacted] building owner, 1,150 (net) square feet of space, contiguous to our space, is currently vacant and available. He has indicated a willingness to subdivide this in a manner which would give us approximately 600 additional square feet. This would allow for a larger classroom, two additional practice interview rooms, a needed hallway between the practice rooms and a slightly larger reception area. Of course the ultimate configuration of the space would be left to the Architectural Design Staff, Office of Logistics. Costs for any reconfiguration of this space must be borne by the Agency.

3. [redacted] is actively seeking to lease the vacant space. Thus, your approval to proceed promptly with the acquisition of additional space will be greatly appreciated.

* I concur if acquired after 1 Oct 83. The DDCI is adamant in his counsel that we not lease anymore space in FY 83. His reason is very simple, Congress directed that we not lease anymore ~~of~~ space this year.

** The DDA's limitations set forth above (*) have been superseded by the attached memorandum from Senators Goldwater and Moynihan dated 8 August 1983 (ER 83-4032). This memo authorizes the CIA to exercise the 28 June 1983 option to lease an additional 610 square feet immediately in order to train [Redacted] in the use of the polygraph. The D/L authorizes and the DDA concurs in the continued lease of this 610 square feet after FY 1983 for the purpose of expansion of the OS Polygraph School. RECD is authorized to combine the existing lease at this location (850 square feet) with the additional 610 square feet leased in August 1983, resulting in a combined new lease terminating 30 September 1985.
