MEMORANDUM FOR: Chairman, National Intelligence Council

FROM: Harry E. Fitzwater
Deputy Director for Administration

SUBJECT: NIC's Urgent Space Need

REFERENCE: Memo dtd 18 Apr 83 to DDA fr C/NIC, same subj

1. As you are aware, our space needs in each directorate are particularly critical at this time. The bulk of two directorates have already been moved out of the Headquarters building and they still require additional space. We are in the process of moving most of the Independent Offices out in order to meet the DCI's priority of bringing SOVA back into the Headquarters building.

2. Under these circumstances we do not have even temporary space available to accommodate any of the new personnel you mentioned in reference. The only solution which I can offer, albeit unsatisfactory, is the services of the Architectural Design Staff/LSD/OL who will work with your people to determine if redesign of your existing space will accommodate some of the additional personnel.
